The applications that are being received for this property will be processed by the homeowner on a first come first served basis, based on receipt of the application fee and the reservation deposit. Submitting an application does not guarantee acceptance to rent property. Landlord will make a tenant selection after conducting credit verification and references. If the application is already being processed, application fees are not refundable

Credit Verification is required for EVERY PERSON over the age of 18 who will be living at the above referenced property. If your application passes the screening criteria, you will be offered the property. You will have one day to bring in the entire reservation deposit of \$1,000, which you will need to provide in certified funds. Once money is put down, the property is taken off the market. If you later decline the property, the money that was put down will be forfeited. Note that an application that does not totally satisfy the screening criteria could still be accepted (at owners discretion) with an additional deposit.

Please know that incomplete, inaccurate or falsified information will be grounds for denial.

The applicant(s) must have some form of income source, employment or verification of starting employment within a reasonable time from the start of the lease. If self-employed, you need to provide two years tax returns.

A current pay-stub from your employer or documented proof of income other than employment is required unless this can be directly verified by employer or income source.

The home owners require that the applicant have at least 2 years of verifiable rental or mortgage payment history. Living/staying with a friend or relative is not considered verifiable rental history; however renting a separate property owned by a friend or a relative DOES qualify. If you previously owned a home, it must be verified and there must be at least two years of good loan payment history.

Applicants must demonstrate that previous rents/mortgages were paid in a timely manner. Proper notice to vacate previous residences and leaving properties in excellent condition are things the home owner will be looking at.

No more than two people are to occupy a bedroom and no more than 2 non-related occupants may live in the residence.

The homeowners do not allow certain types of animals that are known to have violent tendencies, or certain dogs that have violent tendencies if mixed with other dogs. Examples include: Pit bulls, Rottwillers, Dobermans, Huskies, Chows, German Shepherds, or a mixed breed with any of the above mentioned. The owners reserve the right to deny any pet from being in the property. All pets are subject to non-refundable pet fees and pet rent, depending in the homeowner.

The property located at 3010 Ansley Forest Ct., Snellville GA 30078, is a NON-SMOKING residence. Smoking on any portion of the property by tenants or tenant's guests is grounds for forfeit of tenant's deposit. Upon termination of rental agreement, landlord will conduct a thorough walk-through and inspection of the property. If at that time landlord identifies any sign of cigarette smoke in any location of the property, landlord shall notify tenant of reason(s) for retaining deposit.
